Information:

- This interactive form does not work properly in every web browser; it is best to download the file to your PC and edit it with the free „Adobe Acrobat Reader“ <https://get.adobe.com/de/reader/>
- Due to the special circumstances in the bicycle industry since mid-2020, it may happen that we change equipment details in favor of faster delivery to a greater extent than usual; if possible, we will consult with your dealer about it.
- The buyer of the Opium e-bike hereby allows REVOLT ZYCLING AG to install a tracker module. This module is required so that the buyer can use the services of our component supplier Biketec GmbH, Luzernstrasse 84, CH-4950 Huttwil by concluding their own usage contract; among other things, the retrievability of stolen e-bikes. Specifically, the following data is collected by the tracker and continuously transmitted to Biketec GmbH or its sub-service providers: Lat./Lon., time stamp and IMEI tracking.
